

### ***Jesus's Ministries***

*Jesus Christ is the same yesterday and today and forever.*

Hebrews 13:8

Since Jesus is eternal, always was and always will be, then we should find him active in all parts of human history. That is exactly what Scripture reveals. Since Christ's principal work was the work of salvation, we will study that under another lesson and we will concentrate in this lesson on looking at his other works.

When we think about the Trinity you may remember

The Father wills

The Son does

The Spirit empowers the Son
